- 12.** Establish a standing finance and budget committee to oversee the finances of the organization. Motion by Diana Allen and seconded by Sherry Meyers. Description of policy with Bob's permission – This policy is to establish a standing committee to oversee the finances of the organization. The job description of this committee would be to look at expenses and income and suggest a budget to be voted on by the General Membership. This committee would look at those items in greater depth than the rest of us and look at ways to raise additional funds for programs our members believe are important. The committee would be made up of 5 regular members with the treasurer, at least two club presidents and at least one member from the general membership and one Executive Board Member. Additionally, the president would be an advisory, nonvoting member. This would not be an audit committee but would work with the treasurer if there are questions. New expenditures of greater than \$1000 in excess of items already in

the budget must require review by this committee to make sure the program is financially feasible. Two members would be selected annually by the BOD for a two year term. The Treasurer would not be the chairperson. (Committee was voted to be deleted in October, 2014)
